St. Louis Skeet & Trap Club

18854 Franklin Rd. Pacific MO 63069

Located near Six Flags in Eureka, right off of I-44

FIVE STAND

If you were to put trap, skeet, and sporting clays in a blender, Five Stand would pour out. It features a line of five "stands" for shooters and a number of launchers arranged in front of the shooters, to their sides and even behind them. Shooter are presented five targets at each station, 25 targets in all.

Five stand is more exciting than trap and throws a wider variety of patterns than skeet. It's faster and cheaper than sporting clays. For hunters, it's a great game, giving you the chance to work on shots simulating everything from fleeing rabbits and flushing to quail to ducks dropping into a set of decoys.

No Special equipment is needed, but you are encouraged to bring your own gun (the club only has a limited number of guns to rent out). Ear protection, ammo, safety glasses, lunch, and beer reception are included in registration fee.
